

# MAINSEC

Apply for an  
internship

**MAINSEC** is leading provider of solutions and managed services in telecommunications and IT industries across the Baltic States and Finland. We're looking **for a trainee** to support our B2B sales projects' operations and join our team starting from January 2016.

## Opportunities:

**Learn** to manage B2B sales projects in one of the most competitive industries

**Get** in touch with latest Telecommunication industry trends

**Discover how to make** an impact on decision making while solving real time business problems

**Contribute** to improvement of internal processes of a company

**Gain** technical and soft skills on-board

**Co-operate** with the team of highly experienced industry experts

**Apply** your market research abilities in real time real business environment

**Have a chance to write** an excellent **Bachelor thesis** about Telco industry or business management

## We expect you to have these skills:

Responsibility

Structured and logical thinking

Ability to handle multiple priorities, with a positive can-do attitude

Problem solving approach instead of Problem Making ☺

Good communication skills in English

## It would be an advantage if you have these skills:

Russian language

Experience or strong interest in telecommunication industry

Sales and marketing experience

Apply by sharing your interest and CV @: [info@mainsec.eu](mailto:info@mainsec.eu)

Only selected candidates will be contacted.
